## Replace Vanderbilt branded carton - SPCready2Go kits

We would like to inform you that the following promotion kits will no longer come in Vanderbilt branded carton. Due to the used material and its finishing, it is necessary to use a *2nd* carton to protect the base carton. As we are always eager to reduce packing materials, these kits will be shipped in neutral shipment carton, once the remaining cartons run out.

This step will allow us to make a small contribute to reduce acre's carbon footprint by reducing the packaging material. "
